Sample system stands:

These 4 sample system stands are intended to serve as examples of how the system stand can be designed.

Of course, we can design each stand individually.

The prices are rental prices and apply for the entire duration of the event, including assembly and dismantling.

We charge 10% of the rental value for delivery and collection.

Of course, we are also happy to assist you beyond the construction of the stand. For this we charge 50,00€/ hour of assembly.

All prices are net plus the applicable statutory value-added tax.

The material must not be drilled into or damaged. It is possible to apply special adhesive foils.

Adhesive residue must be removed without residue at the end of the event.

Damaged material will be invoiced at the replacement price.

After receipt of your order, you will receive an invoice. This invoice is also your order confirmation.
